REVIEW OF PERFORMANCE

These activities are carried out through the Company's subsidiary, joint venture and associated companies to which the Company provides management and administrative services.

Profit Statement – 2nd Quarter

Group revenue of \$451.3 million and PBIT (profit before interest and taxation) of \$22.2 million for the quarter ended 31 March 2017 decreased 5.8% and 21.7% respectively compared to the corresponding period last year. Attributable profit before exceptional items for the quarter ended 31 March 2017 was recorded at \$3.8 million. The lower APBE was impacted by losses incurred for Beverages due to higher raw material cost and higher finance cost incurred as a result of borrowings used to finance acquisition of shares in Vinamilk. Vinamilk will only contribute to earnings in the second half of our financial year.

Beverages

Overall Beverages revenue was 21.5% lower as compared to last year. This was mainly due to lower sales in Singapore and weak consumer sentiments in Malaysia. Revenue was slightly boosted by contribution from vending business acquired in July 2016, commencement of distribution of third party brands and aggressive distribution expansion in Myanmar. The beer business contributed positively to revenue as a result of increased volumes and higher price.

Beverages incurred losses before interest and taxation of \$5.2 million for the quarter. Soft Drinks Malaysia and Singapore PBIT decreased as a result of lower volumes, higher raw material prices and impacted by weaker MYR. Higher marketing spend on promotional activities in Thailand and ongoing brand investments in new markets also affected PBIT contribution.

Dairies

Dairies revenue at \$271.6 million was 2.4% higher than the corresponding period last year. Revenue in Dairies Singapore increased due to higher domestic sales for chilled products and yoghurt lines. Sales of Teapot in the Myanmar market started to gain traction and contributed to the increase in revenue. Dairies Thailand experienced an increase in revenue mainly due to strong demand for its core brands, *Teapot* and *Carnation* and favourable exchange rate while Dairies Malaysia revenue decreased 11.9% on the back of weak domestic consumer sentiments coupled with intense pricing pressure from competitors.

Dairies PBIT increased 41.7% to \$39.8 million mainly due to favourable milk-based commodity cost.

Printing and Publishing

Printing and Publishing recorded a decline in revenue of 4.5% from last year to \$66.0 million this year. While Book and Magazine Distribution experienced lower retail orders and higher market returns post-Christmas, Publishing Group recorded an increase in revenue from timing of textbook sales to the USA and growth in textbook package sales in Hong Kong.

Despite the decline in revenue, Printing and Publishing incurred losses before interest and taxation of \$5.6 million, a 12.9% improvement from a prior year loss of \$6.5 million mainly as a result of improved efficiencies and strict cost control.

Tax

The Group effective tax rate ("ETR") of 9.4% (2016:17.2%) is due to the tax exempt profits and the recognition of deferred tax benefits on previously unrecognised losses by an overseas subsidiary and the non-taxable exceptional gain. With a marked decrease in non-deductibles, this has resulted in a lower ETR than that for the same period last year.

Balance Sheet as at 31 March 2017

The Group

The increase in Reserves was mainly due to profits of \$30.6 million retained for the period and fair value gain on the investment in Vinamilk in Vietnam offset by payment of last year's final dividend.

Non-current assets increased by \$974.3 million or 45.4% from \$2,146.3 million to \$3,120.7 million as at 31 March 2017 mainly due to the acquisition of shares in Vinamilk and net fair value gain on the investment in Vinamilk. The shareholding in Vinamilk as at 31 March 2017 was 18.31%.

Current assets decreased by \$366.0 million or 22.5% from \$1,626.5 million to \$1,260.6 million as at 31 March 2017 attributed mainly to:

- (i) a decrease in cash and bank deposits due to acquisition of shares in Vinamilk; and partly offset by
- (ii) an increase in inventories due to higher level of raw materials held to support increased dairy sales and inventory build-up for Hari Raya Puasa.

Liabilities increased by \$596.0 million or 96.1% from \$620.3 million to \$1,216.3 million as at 31 March 2017 mainly due to:

- (i) an increase in borrowings taken up for the acquisition of shares in Vinamilk; and partly offset by
- (ii) a decrease in other payables of \$25.7 million mainly due to lower accruals made for marketing spend and subsequent payments made for accruals outstanding as at 30 September 2016.

Group Cash Flow Statement for Quarter Ended 31 March 2017

The cash inflows and outflows are detailed in the Group Cash Flow Statement.

Net cash inflow from operating activities of \$45.6 million is higher than the \$16.6 million last year mainly due to improvement in cash utilised for working capital.

Net cash outflow from investing activities of \$245.9 million was higher than the \$12.2 million last year mainly due to the acquisition of an additional 7.4% stake in Vinamilk and acquisition of fixed assets.

Net cash inflow from financing activities of \$524.5 million was higher than the cash outflow of \$65.3 million last year due to increased borrowings taken up for the acquisition of shares in Vinamilk.

Group Profit Statement – 6 Months-to-Date

Group revenue decreased 2.7% to \$946.3 million while PBIT decreased 16.4% to \$68.6 million as compared to the corresponding period last year. The decrease in revenue was mainly due to slower consumer spending in the Beverages and Dairies businesses and challenges faced by the Printing and Publishing business.

PBIT decrease was largely due to weak consumer sentiments and higher raw material prices and partly offset by favourable milk-based commodity cost.

Group attributable profit before exceptional items and basic earnings per share before exceptional items were 29.3% and 30.8% lower at \$26.3 million and 1.8 cents respectively.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

Not applicable.

10. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

The Group expects consumer demand in the Food & Beverage segment to remain subdued and also expects continuing downward pricing pressure in its core markets in Singapore, Malaysia and Thailand. While high commodity prices are also expected to exert upward costing pressure, management is constantly reviewing and managing cost. The Group remains committed to further its investment in new markets while seeking new opportunities in the Food segment.

The operating environment for the Printing and Publishing segment is likely to remain challenging in the near term and further right sizing of the business is planned. Publishing will continue to invest in its digital business and strengthen its overseas markets by leveraging on its strength in the education content segment. Print business will continue to align its print capacity to match market demand. Retail operations will focus on ongoing re-branding efforts to transform our retail outlets to a family oriented, children focused lifestyle book retailer.

At the annual general meeting of Vinamilk on 15 April 2017, its shareholders approved the appointment of Mr Michael Chye, a representative of Fraser and Neave, Limited (“F&NL”), to the board of directors of Vinamilk. This increases F&NL’s representation on the Vinamilk Board to two directors. In accordance with Singapore Financial Reporting Standards 28, Investments in Associates and Joint Ventures, F&NL is now deemed to have significant influence through its representation on the board of directors of Vinamilk and will henceforth account for its investment in Vinamilk as an “Investment in Associated Company” in its financial statements.
