21. Acquisition of subsidiaries

(a) Acquisition of Ladang Permai Damai Sdn Bhd

On 11 October 2022, the Group via its wholly owned subsidiary, Dagang Sejahtera Sdn Bhd ("DSSB") acquired the entire equity interest in Ladang Permai Damai Sdn Bhd ("LPDSB") for a total cash consideration of RM215.6 million. The business intention for DSSB in acquiring LPDSB is for the Group to embark on the upstream fresh milk business for downstream production and distribution of fresh milk. After completion of the acquisition, LPDSB leased the Permai Damai Estates to the Group at a fair market rate to carry out operations of the integrated dairy farm and crop plantation. The Permai Damai Estates will enable the Group to own a vertical integration business and operations based on locally grown crops for feed to F&NHB's dairy farm, which in turn will lower the value chain cost per litre. This will enable F&NHB to be less dependent on imported milk and promote local agricultural industry. LPDSB is included in Others segment.

The acquisition of LPDSB does not constitute an acquisition of business under MFRS 3 *Business Combinations* and does not give rise to a goodwill.

The following summarises the major classes of consideration transferred, and the recognised amounts of assets acquired and liabilities assumed at the acquisition date:

(b) Acquisition of Cocoaland Holdings Berhad

On 4 November 2022, the Group via its wholly owned subsidiary, Awana Citra Sdn Bhd acquired the entire equity interest in Cocoaland Holdings Berhad ("Cocoaland") not already owned by F&NHB, representing 72.38% of the issued share capital of Cocoaland for a total cash consideration of RM489.2 million. The principal activity of Cocoaland is investment holding. Through its subsidiaries, Cocoaland is involved in activities such as manufacturing and trading of processed and preserved foods and fruits. It is also involved in the wholesale and retail of processed and preserved foods as well as wholesale, import and export of gummies and other products. The acquisition is in line with F&NHB's ambition to be a stable and sustainable food and beverage leader in ASEAN, with halal packaged food as its fourth pillar of growth. The investment has added established Malaysian confectionery and snack brands to F&NHB's portfolio of renowned brands, and at the same time serves as a platform to build on and expand into other packaged food segments. F&NHB believes that the addition of Cocoaland will enhance the Group's expansion in overseas markets. Cocoaland is included in F&B Malaysia segment.

The Group revenue for Q4 FY2023 rose by 9.4% to RM1,244.4 million (Q4 FY2022: RM1,137.6 million) driven by sustained sales momentum in F&B Malaysia and higher Group exports, contribution from Cocoaland (included in F&B Malaysia segment) and aided by favourable foreign exchange translation from stronger Thai Baht.

Group operating profit for Q4 FY2023 grew by 39.1% to RM166.2 million (Q4 FY2022: RM119.4 million). This was attributed to better margins and cost management strategies, complemented by the contribution from Cocoaland. Excluding one-off non-operating items, the Group adjusted operating profit for Q4 FY2023 grew by 38.5% to RM163.4 million (Q4 FY2023: RM117.9 million).

Correspondingly, the Group profit before tax for Q4 2023 rose by 35.4% to RM161.8 million (Q4 FY2023: RM119.5 million). Excluding one-off non-operating items, the Group adjusted profit after tax grew by 36.5% to RM136.0 million (Q4 FY2023: RM99.6 million) despite notably higher interest costs.

F&B Malaysia revenue for Q4 FY2023 increased by 13.5% to RM681.8 million (Q4 FY2022: RM600.6 million), driven by higher domestic and export sales, efficient price management strategies and Cocoaland contribution.

F&B Malaysia Q4 FY2023 operating profit grew by 18.6% to RM59.0 million (Q4 FY2022: RM49.8 million) inclusive of a RM3.0 million insurance claim received in respect of business interruption and other one-off non-operating items.

Excluding these one-off non-operating items, the adjusted operating profit improved by 9.3% to RM52.8 million (Q4 FY2022: RM48.3 million) on the back of higher revenue and operational savings (logistics); and partially offset by higher input costs (sugar) and utilities along with higher advertising and marketing (A&P) spending.

F&B Thailand revenue for Q4 FY2023 grew by 4.8% to RM561.7 million (Q4 FY2022: RM535.8 million) aided by favourable THB/MYR translation. However, revenue in Thai Baht declined slightly by 1.2%; primarily due to trade inventory management for the domestic market, and partially mitigated by higher exports to Indochina and other countries.

Despite lower revenue, Q4 FY2023 operating profit increased by 60.9% (52.1% in Thai Baht) to RM120.7 million (Q4 FY2022: RM75.0 million) driven by margin improvements and net favourable commodity prices except for sugar. This was partially offset by unfavourable foreign exchange impact from the US Dollar and increased spending on marketing campaigns and brand investment activities.

• Others

Others segment incurred operating loss of RM12.6 million for Q4 FY2023 (Q4 FY2022: RM5.1 million) mainly due to RM4.0 million incurred for pre-operating dairy farming and agriculture expenses.

F&NHB Group revenue for FY2023 grew by 11.9% to RM5,001.4 million (FY2022: RM4,470.2 million) as markets recovered and price management strategies implemented since last year took effect. Export revenue crossed the RM1 billion mark (FY2022: RM0.8 billion). Further, the Group also benefited from an expanded revenue stream following the acquisition of Cocoaland on 4 November 2022 (included in F&B Malaysia segment).

Group operating profit for FY2023 rose to RM642.9 million (FY2022: RM447.9 million) on the back of higher revenue and one-off non-operating items (mainly the remeasurement gain of the 27.62% equity interest previously held in Cocoaland prior to the privatisation exercise and other one-off items).

Excluding one-off non-operating items, the adjusted Group operating profit grew by 26.8%, to RM592.1 million (FY2022: RM466.8 million) underpinned by a concerted focus on margin improvement, operational excellence, supply chain management, and sustainability initiatives. These efforts mitigated the impact of higher input costs and rising energy expenses, contributing to the overall profitability of the Group.

Consequently, despite RM29.9 million higher interest costs to finance the recent strategic acquisitions, the adjusted Group profit after tax for FY2023 grew by 22.4% to RM489.7 million (FY2022: RM399.9 million).

During the year, F&NHB Group has completed several capital expenditure (Capex) projects and strategic acquisitions:

- (i) RM128 million liquid milk and plant-based beverages factory in Wang Muang, Thailand (operating since October 2022) – a strategic shift for the Group to reduce reliance on condensed milk and enable us to grow our brand in the liquid milk segment;
- (ii) RM78 million ASRS system at the integrated warehouse in Shah Alam, Malaysia (completed post-flood repairs);
- (iii) RM20 million drinking water production plant at Kota Kinabalu Industrial Park (commercial run started in November 2022);
- (iv) Sri Nona automated ketupat line in Rawang;
- (v) Acquisition of Ladang Permai Damai Sdn Bhd completed on 11 October 2022;
- (vi) Acquisition of Cocoaland Holdings Bhd completed on 4 November 2022;

and commenced site preparation including land clearance for the integrated dairy farm project in Gemas, Negeri Sembilan.

• F&B Malaysia (cont'd)

F&B Malaysia recorded a double-digit growth of 17.9% in revenue to RM2,851.5 million (FY2022: RM2,418.1 million) for FY2023, fuelled by festive sales and out-of-home consumption. Throughout the year, F&B Malaysia refined its portfolio and strengthened its route-to-market, channel management and marketing strategies, alongside bolstering sales excellence across various channels.

These efforts included refreshing the packaging of the F&N carbonated soft drinks (CSD) portfolio and Borneo Mineral Water, introduction of new products – 100Plus Pro, Nona Ketupat Wangi Haruman Pandan, Lot100 Kurma Gummy; as well as new packaging formats – Teapot Evaporated Creamer UHT 1L, amongst others.

In addition to Cocoaland's contribution, F&B Malaysia's revenue growth was further supported by a robust recovery in exports to Africa, ASEAN and Greater China regions, tactical pricing strategy and expansion in B2B channels.

Partially offset by higher A&P spending, the adjusted operating profit for F&B Malaysia (excluding one-off non-operating items) rose 22.9% to RM229.1 million (FY2022: RM186.4 million) on the back of higher revenue, improved operational and cost efficiencies.

During the year, F&B Malaysia has intensified its marketing campaigns in conjunction with F&N 140th Anniversary as well as various brand investment activities and sponsorships (F&N CSD 'Kini Lebih Gempak', the restage of F&N Magnolia & F&N Seasons, 100PLUS Zero Cuba Try Taste & World Hydration Day, the F&N Teh Tarik 'Biar Ori, Baru Sempoi', Nona Dapur Tempur, amongst others).

F&B Thailand revenue for FY2023 increased by 4.8% (1.7% in Thai Baht) to RM2,146.2 million (FY2022: RM2,047.5 million), aided by favourable foreign exchange translation from a stronger Baht. F&B Thailand maintained market leadership in the sweetened condensed milk and evaporated milk categories through focused route-to-market strategies, in-store execution, along with consistency in brand building and consumer engagement. Similarly, F&B Thailand continued to lead the Condensed Milk market in Cambodia and Laos through brand awareness and Hawker's loyalty programs.

F&B Thailand adjusted operating profit (excluding one-off non-operating items) for FY2023 grew by 37.1% (33.0% in Thai Baht) to RM378.3 million (FY2022: RM276.0 million), driven by operational efficiencies and better margin management, partly offset by elevated input and packaging costs (sugar, milk and tin can) and higher investment on brand activities.

In Thailand, the introduction of Teapot Extra Evaporated Milk, packaged in a 1L UHT Prisma design with a cap, garnered strong interest among F&B operators due to its enhanced convenience and value. Additionally, Teapot Tube Sweetened Condensed Milk "Nom Yen" was also introduced this year, further expanding F&B Thailand's product offerings.

Property

Property segment operating loss for FY2023 of RM9.0 million (FY 2022: operating profit of RM0.4 million) is mainly due to RM7.1 million loss on change in fair value of investment properties.

Others

Others segment operating profit for FY2023 of RM75.8 million (FY 2022: RM3.5 million) is mainly due to one-off non-operating income of RM89.3 million attributed to remeasurement gain of the previously held equity interest in an associate and partially offset by RM10.9 million incurred for pre-operating dairy farming and agriculture expenses.

The Group recorded 6.6% lower revenue for the quarter at RM1,244.4 million compared to preceding 3rd quarter (Q3 FY2023: RM1,331.9 million) due to festive phasing in the 3rd quarter.

Correspondingly, the adjusted Group profit before tax (excluding one-off non-operating items) decreased by 4.9% to RM159.0 million (Q3 FY2023: RM167.1 million) due to lower revenue, rising sugar prices and net unfavourable foreign exchange impact from USD.

3. Prospects

Over the past years, the Group has laid a strong foundation to enhance resiliency through the implementation of mid and long-term sustainability strategies. While challenges like commodity price fluctuations and inflationary pressures on consumer demand remain present, our agile decision-making framework, focus on channel management, and commitment to innovation and excellence will help us adapt quickly and protect our margins. We will remain vigilant in this uncertain environment, leveraging our diversified brand portfolio, businesses and geographical presence to proactively navigate these challenges.

The Group continues its focus on building up Halal packaged food as a core pillar of the business. Sri Nona and the newly acquired Cocoaland have contributed to the Group's revenue and further plans are in place to maximise the synergies these two businesses have with each other and with the Group. Cocoaland's factory in Rawang, for example, will be established as the food manufacturing hub in line with plans to consolidate the manufacturing of the entire food business, to increase production capacity while reducing complexity.

F&NHB is also on track to meet Phase 1 completion of our integrated dairy farm in Gemas, Negeri Sembilan by early 2025, when the first milking is expected to begin.

As F&N celebrates its 140th anniversary, the Group continues to strengthen its connection with Malaysians with a commitment to deliver "Pure Enjoyment, Pure Goodness" through its diverse portfolio of brands. Building on this rich legacy, we anticipate new opportunities and look forward to advancing our halal food pillar and supporting our nation's food security agenda with our dairy farm. These are but a few of the exciting developments ahead as we continue to pursue excellence as a sustainable food and beverage company.
